

Info sheet 24

Drs Gate Road (County Durham)

Duration: August 2016 – onwards

Volunteer hours to date: 120

Brief/Overview:

August 2016 We've been working with the gamekeeper from Bollihope Estate on the northern section tackling 'off piste' vehicle use, as part of this we've waymarked the legal route, installed wildlife cameras and collected rubbish that has been left behind. We also asked motorised users for voluntary restraint during winter and after heavy rain, this is something that the Forestry Commission also wants to adopt on the Forest Section. **March 2017** Raised £3,320 using JustGiving towards the cost of repairing the entire route of the right of way. **October 2017** LARA Voluntary Restraint (VR) put in place over the winter months.
