

## Info sheet 1

### Salisbury Plain Waymarking project

Duration: 2010 – 2017

Volunteer hours to date: Over 1,000 volunteer hours

Number of signs erected: 746 signs and way marks

#### Brief:

To waymark Salisbury Plain for the benefit of all users and also for the soldiers using SPTA on a daily basis. The project was commended by Wiltshire Rights of Way, stating that the project would never had happened without volunteers. The MOD also awarded the GLASS project leader a Sanctuary runner up Award in the Individual Achievement category – quite a rarity for a civilian. The project will be completed in 2017 after running for seven years, covering two counties, and all classes of rights of way. Volunteers have included GLASS members, TRF members, equestrians, and other interested parties – all co-ordinated by our Wiltshire rep.
