

Info sheet 18

Brechfa Forest, Carmarthenshire

Duration: 1 day - 2011

Volunteer hours to date: 30

Brief:

To ensure clear signage.

After various meetings, this was the first approved Treadlightly signage project in Carmarthenshire. GLASS Area Reps carried out surveys in advance to ensure legality and route status, then set up a partnership working agreement in conjunction with the Countryside Department.

GLASS & Treadlightly volunteers agreed to carry out waymarking along the main well established routes in the forest area to ensure all intersections were clearly identified to all users. Due to the length of the routes this was done using several small teams of volunteers, with posts supplied by Carmarthenshire CC and Treadlightly funded signage.
