

Info sheet 15

Strata Florida & Soar Y Mynydd, Ceredigion

Duration: 3 days - 2011

Volunteer hours to date: 55

Brief:

After various meetings, this was the first approved Treadlightly signage project in Ceredigion. GLASS Area Reps carried out surveys in advance to ensure legality and route status, then set up a partnership working agreement in conjunction with the Highways Department.

GLASS & TreadLightly volunteers agreed to carry out waymarking along this well known UCR (Unclassified County Road) (part byway in Powys) to ensure all intersections and areas of off-piste activity were clearly identified to all users, similarly for the UCR at Soar Y Mynydd nearby. Due to the length of the routes this was done using several small teams of volunteers, with posts supplied by Powys CC, and Ceredigion CC funded Treadlightly signage.
